Kenny Rhodes visits Gerard Koopman

NEWS

Today the well known American champion Kenny Rhodes visited team Koopman. Kenny was accompanied by a/o Rick Mardis and some other sports friends.

Beginning of last year Kenny bought a hen on Pipa, the NL-2479400, now nicknamed "The Queen of the Netherlands". The Queen is mother to "Miss Wonderful" and Gerard still owns "Jorn", the father. Therefore they decide to do a unique corporation in breeding.

In the meanwhile several pigeons moved from Ermerveen to the protege-lofts and Kenny became a real Koopman fan. Very impressed by the great quality, Kenny decided to purchase a hen bred from "Ermerveen's Hope" x "Marijke"

"Andrea", as Kenny called her spontaneously, shall move to The States very soon.
